 l x w x h _____ 1m200 x 600 x 850mm
 Operational weight _____ RDP 160 kg
 _____ Dominator 130 kg
 For overnight running reduce to 1,500 rpm

These pumps have both 2" and 3" B.S.P. hose connections as standard so that the most suitable hose can be used for the job in hand. The recessed impeller is virtually unchokeable. Electric sets are not available in the hire fleet but can be built to order. Stainless steel pumps can similarly be supplied to order.

The DRI-PRIME ejector
