Road Transportation Suction Dredger

Consisting of the main pontoon with control cabin - 2 side pontoons & 2 extension pontoons. Warman 8-6 gravel pump driven by 110kW, 6-cylinder DAF turbo engine driven through twin disc gearbox. 35ft ladder, 2 winch operated spud legs at stern with hydraulic bow thruster. This allows the dredger to walk without shore winches. With 200mm x 80 metres floating pipeline and floats. Currently being repainted.

Consisting of main pontoons with control cabin. 2 side pontoons & 2 extension pontoons.

Currently being re-painted.

A generator can be supplied at extra cost.
